What is Homes for Heroes?

Homes for Heroes is a community-minded company whose purpose is to provide real rebates and real discounts for heroes who are buying or selling a home. Our founders looked around and saw that many of the important people who made it possible for us to live in our communities could not afford to buy homes in our communities. So, instead of talking about it, they decided to do something about it.

The Homes for Heroes program has grown to become the nation's largest hero savings program with over 1,600 affiliates in 48 states. It is comprised of realtors, lenders, and other real estate-related providers who are willing to offer substantial savings and discounts to when buying, selling or even refinancing their home. ABOUT

The Homes For Heroes Foundation began as the shareholders, Affiliates and employees of Homes For Heroes® saw a need for a charitable organization that would have a similar vision to its own. Shortly following the events of 9/11, Homes For Heroes has been affiliating with real estate professionals to provide extraordinary discounts and rebates to those who serve our nation and its communities. Through Homes For Heroes many Heroes have contacted us for charitable assistance over the years. We do our very best to try to find assistance for them but often are unable to help. After much thought and the desire to help, we formed the Homes For Heroes Foundation.
